THE GYMNASIUM

Centennial Greetings from Our Holy Father Pius X

Immediately after the solemn Pontifical Mass, celebrated by His Eminence James Cardinal Gibbons, at the opening of the Centennial exercises, Wednesday, October 14, Very Reverend Doctor Flynn read the following letter, which our Holy Father Pius X had authorized Most Rev. Archibshop Diomede Falconio, D.D., the Apostolic Delegate to the United States, to write:

To the Rector, Faculty, Alumni and Student Body, Mount St. Mary's College, Emmitsburg, Md.:

Upon this auspicious occasion, when one hundred fruitful years have passed, our Holy Father Pius X commissions me to say, in his august name, his words of thanksgiving and praise to the rector, the faculty, the alumni and the student body of Mount St. Mary's, Emmitsburg.

In the sacred cause of education the name of Mount St. Mary's has ever been pre-eminent. When trials and difficulties threatened her very life and made the way of progress hard, the heroic band of Christian educators, true to the ideals and principles of their saintly founder, pressed forward undaunted.

Now that the way lies open and success crowns the early toils and labors, we are happy to find the same lofty ideals, the same guiding principles, the same devotion and sacrifice among the sons of Mount St. Mary's as in the days of old.

A wonderful career has been vouchsafed to this venerable seat of Christian culture. We find her sons in every walk of life. Whether we read the story of the first American Cardinal, whether we turn to the blessed labors of archbishops and bishops who acclaim Mount St. Mary's as alma mater, whether we follow the devoted priests who have left these hallowed walls and who with fearless step have carried the cross into almost every diocese of the United States, or whether, in fine, we look to her sons among the laity of every profession and every degree who bear the stamp of true Catholic manhood—on every side men rise and call the college blessed.

Truly, then, is this life history of Mount St. Mary's an honor to our holy church and a glory to our country. Truly, is it a joy and consolation to the paternal love of our supreme Pontiff Pius X, in his days of sorrow, to look upon this flourishing product of Catholic life, which breathes love and devotion to the See of Peter as the very watchword of its existence.

It is my privilege to convey these words of encouragement and congratulations to the rector, faculty, the alumni and student body of Mount

St. Mary's College by direct command of the Holy Father. I do it with a degree of happiness not ordinary, for I know the great things which the College has done for God and the holy church.

As a further mark of his sovereign pleasure, our Holy Father has authorized me, as his personal representative, to bestow on the College, the rector, the faculty, the alumni, the student body, the friends and benefactors the apostolic benediction—a duty which I shall acquit myself of on the joyous centennial anniversary.

Sincerely yours, in Christ,

D. Falconio,
Apostolic Delegate.

Prospectus

Mount Saint Mary's College was founded in 1808 by Rev. John Dubois, who afterward became Bishop of New York.

In 1830 it obtained its first charter from the legislature of the state of Maryland. The College is registered in full by the Regents of the University of the state of New York. It can be readily seen how great an advantage is connected with this registration, since the Degree of Bachelor of Arts, conferred by Mount Saint Mary's College, entitles its holder to enter at once upon university work.

Since its foundation there has been maintained in connection with the College an Ecclesiastical Seminary. Many of the students of this department defray their expenses, wholly or in part, by teaching in the College.

The institution is directed by an association of secular clergymen who, with several lay professors, compose its faculty.

Its material interests are controlled by a Board of Directors, of which the Archbishop of Baltimore is, *ex officio,* the President.

At the annual meeting of the Council of the College, held on Commencement Day, June 15, 1905, it was unanimously agreed to form in connection with the Council an Advisory Board, whose duty it will be to act with the Council upon all matters pertaining to College welfare except studies and discipline. It was the sense of the meeting that such a body would be of great benefit. In doing this the College gladly acknowledges the services of its lay alumni in the past, and invites a more intimate cooperation from them in the future.

The following gentlemen constitute this board:

A. V. D. Watterson, LL.D.
Pittsburgh, Pa.

Edward J. Dunphy, LL.D.
New York, N. Y.

Richard M. Reilly, LL.D.
Lancaster, Pa.

John F. Cogan, A.M.
Brooklyn, N. Y.

Francis J. Guilfoile, LL.D.
Waterbury, Conn.

Location and Buildings

The College buildings are beautifully situated on high ground at the foot of the Maryland range of the Blue Ridge Mountains. The location is healthful and convenient of access. The celebrated Academy of St. Joseph and the Motherhouse of the Sisters of Charity, founded by Mrs. Seton, are in the immediate vicinity.

To most parents not the least of the many advantages offered by Mount Saint Mary's College is its quiet seclusion and remoteness from the distractions and dangers of the city—its very situation making it an ideal home of study and moral development. The vicinity of the College is a pleasant summer resort.

The buildings are substantially constructed of stone. The class-rooms, study halls and dormitories are spacious, well ventilated and comfortable in both summer and winter. For illumination, gas with Welsbach burner is used throughout the buildings.

All the buildings are heated by steam and supplied with the most approved system of lavatories, bath and toilet rooms. In a word, the appointments of the buildings throughout meet all reasonable requirements for health and comfort.

Minim Department

In addition to the buildings described above, there is a separate department for small boys. These boys have their own study hall, class-rooms, dormitories and playground.

Recreation Grounds

The recreation grounds are extensive, including several terraces and a beautiful grove. Beside these features there is one of the finest athletic fields in the country. These grounds afford to the students every facility for baseball, football, running, tennis and other outdoor sports.

During recreation hours students are permitted to leave College bounds in the company of a prefect or tutor for walks through the country.

INTERIOR OF GYMNASIUM

The Gymnasium

The Gymnasium is a handsome, substantial building, complete in all modern equipment. It contains under one roof bowling alleys, a large billiard hall, a society hall, baths and a large swimming pool. This building is to the students at all times a source of the greatest pleasure and health.

In connection with the gymnasium, there is given a full course of Physical Culture.

Government

The effective though unobtrusive supervision of the clergy, aided by the constant presence of the prefects, secures the peaceful reign of good order, industrious application to study and obedience to the laws of morality and social propriety. Gentle reproof, kindly correction, the instinct of honor and, above all, moral and religious influences, are generally found effective in the maintenance of College rules, discipline and study. All are instructed in the doctrines of the Catholic religion and trained to the practise of Christian morality. Vocations to the clerical state are frequent in the higher classes, and the piety and purity of youth are guarded and promoted in every possible way.

Domestic Department

The Domestic Department and Infirmary are under the direction of the Sisters of St. Francis, whose eminently successful work is ample guarantee that the material comforts of the students are at all times carefully consulted. In sickness and in health the students are treated with the greatest kindness and solicitude. The College authorities gratefully acknowledge the invaluable assistance of the Sisters, regarding them as a very important adjunct to the success of the College.

Conditions of Admission

All applicants for admission into the College must present satisfactory letters from their pastors, or other persons known to the authorities. Those coming from other colleges must also present certificates from the superiors of these institutions, stating the studies made and vouching for the good conduct, industry and honorable dismissal of the applicant.

Students will be received at any time.

Examinations

The classes of new students are invariably determined by examinations at the time of entrance.

Monthly written examinations are held in those classes in which the nature of the work permits.

Public examinations take place half-yearly—in January and June. Besides the oral examinations at the end of the school year, there is also a general written examination, by which are determined the first honors of the College, consisting of a gold medal in each class.

Students attending the College for more than one year, are promoted in course at the beginning of each scholastic year, if they have attained the required standard in class work, and in the public oral and final written examinations of the preceding year.

Reports of all the classes are read monthly in the presence of the Faculty and students and are then sent to parents or guardians.

Courses of Studies

College Course

The College course, which must be followed by those who desire to take the degrees, embraces the Latin and Greek languages, French or German, Mental and Moral Philosophy, Logic,

Mathematics, Chemistry, Natural Philosophy, Geology, Rhetoric and Literature, History, Christian Doctrine and Elocution.

The study of Chemistry, Astronomy and other sciences is facilitated by an excellent apparatus, a chemical laboratory and an extensive mineralogical collection.

Through the kindness of a friend the College was enabled three years ago to equip with the latest appliances, a laboratory for the practical and thorough study of Physics and Chemistry.

In connection with this there has been inaugurated a special three-year course for the benefit of students preparing for a scientific career. Only those who have completed all the studies of the Freshman Class are permitted to enter this course.

Students following this course will be required to take French and German for two years in place of Greek. At the end of the Sophomore year they may discontinue Latin.

All in this class will be required to follow the usual two-year course in Logic, Metaphysics and Ethics.

The successful completion of this course leads to the degree of A.B.

The Preparatory or Academic Course

The Preparatory or Academic course, which is a preparation for the College course, is a classical high school. The curriculum of studies embraces Latin, Greek, English Grammar and Rhetoric, French, German or Spanish, Arithmetic and Algebra, History and Christian Doctrine. This course covers a period of four years. Only those who have successfully completed the regular Grammar course in a recognized school will be admitted to this department. A student who cannot produce a satisfactory certificate will be examined and listed accordingly.

Special classes will be formed for the benefit of those who are not sufficiently advanced to enter the Academic Department.

There is a Business Course in which the study of Latin and Greek is optional, and more attention is paid to commercial studies, such as Bookkeeping, Commercial Law, Mercantile Accounting, and kindred branches.

All are required to follow the course of studies prescribed for the department into which they enter.

Degrees

The Degree of Bachelor of Arts is conferred on those students who have followed and completed the regular collegiate course, subject to the following conditions:

1. At least the last year of the course must have been made in this College.

2. Each candidate, both in the January and June examinations in all the classes of the Senior Course, must have attained the standard required by the rules for graduation.

3. He must prepare a literary essay or discourse satisfactory to the Faculty, and deliver the same in public on Commencement Day, if requested to do so.

The Degree of Master of Arts is conferred on those students who, for at least two years after taking the degree of A.B., have devoted themselves to additional studies, or to some literary pursuit or learned profession, and who make timely application for the degree.

College Sessions

The sessions 1909-1910 of the College begin Friday, September 10, 8:30 a. m., and the first day of February, continuing five months each.

There is a recess at Christmas. If students leave College during that time they must return promptly on the appointed day. No student will be permitted, except for reasons of absolute necessity, to absent himself from College at any other time during the school year while classes are in progress.

Students returning late in September, or failing to report promptly after the Christmas recess, forfeit their right to compete for prizes and honors.

It may be well in connection with this to call the attention of parents and guardians to the necessity of insisting that those

under their charge be trained in habits of promptness and punctuality. Students are required to return on the day appointed. A violation of this rule, unless accompanied by a *written* explanation satisfactory to the College authorities, may subject the student to suspension or dismissal. The College, therefore, asks from parents and guardians a most cordial cooperation in this and all other matters pertaining to College discipline.

Recreation Days

Besides the regular weekly holiday—Thursday—the Sundays and Holy Days of Obligation during the year and the Christmas holidays, the following are the only days on which classes are regularly suspended:

Wednesday in the third week of October—"Barbecue"—which is devoted to field sports.

The day following the annual Spiritual Retreat at the end of October.

The day preceding Thanksgiving Day.

The day following the close of the mid-year examinations.

Washington's Birthday.

Saint Patrick's Day.

The last three days of Holy Week.

Easter Monday. (Students return Easter Monday night.)

Decoration Day.

Private Rooms

The completion of the magnificent new Seminary Building last September made available many more private rooms. However, as the demand for the private room is ever on the increase, the College finds it necessary to say that no room for the coming year will be reserved unless proper application is made before the first day of August. After that date a room will be considered vacant and will be given to the first applicant, provided his character, class standing and application so warrant. In case of several applications coming at the same time, the preference will be given in the order of seniority of classes.

Bills are rendered twice a year, in September and February, and must be paid *in advance*. When bills are not paid on presentation, the College reserves to itself the privilege of issuing a

draft for the amount, and the non-acceptance of such draft will be considered a notice of the student's withdrawal, unless a satisfactory explanation is made.

Every student from outside the United States must have a guardian or representative in this vicinity, who shall be responsible for the regular payment of his expenses, and with whom the College may readily correspond whenever necessary.

No deduction will be made in case of withdrawal during a session, except for cause satisfactory to the College authorities.

Students may enter at any time, and will be charged only from date of entry.

Every student should have, on entering, at least two suits of heavy and two suits of light outer clothing, three suits each of heavy, medium and light under-clothing, a set of table napkins, a napkin ring and one-half dozen towels.

In regard to pocket money, the College would suggest to parents and guardians the wisdom of economy. The College will not advance money for this purpose, preferring to leave the matter entirely and directly between parents and guardians and the students. In future, therefore, this item will not enter into the bills rendered by the College.

Books, stationery and clothing will be furnished at current prices by the College, at the request of parents, provided a deposit to pay the probable cost is made *in advance*. *Positively* no money or other articles shall be furnished to any student by the Treasurer *unless such deposit has been made in advance.*

Parents and guardians must see the reasonableness of this rule and should, therefore, either supply their boys with all necessary articles of clothing, etc., or deposit *in advance* with the College Treasurer funds sufficient to cover cost of same.

When a student is about to withdraw from College, timely notice must be given, his account settled and traveling expenses provided for.

Although the College is accessible by rail by way of either Frederick, Hanover, Gettysburg, Hagerstown or Thurmont, the most convenient route is by way of Union Depot, Baltimore, and thence over the Western Maryland and Emmitsburg railroads.

The annual vacation begins on June 16, 1909 (Commencement Day). The College reopens Friday, September 10, with Mass at 8:30 A. M. Students are required to be present on the evening preceding, September 9. The retreat for members of the Ecclesiastical Seminary begins Thursday, September 2, at 7 P. M. All students in the Seminary must be present at noontime on that day.

NEW CHAPEL

The College Church

Work on the new College Church is progressing rapidly. It is thought that the stone work will be completed by the end of July. Preparation for the plastering is well advanced. From present indications there is a reasonable hope that the magnificent structure will be ready for dedication December 8, the festival of the Immaculate Conception. The hundreds of visitors on the occasion of the Centennial were lavish in their praises for the new Seminary, which was dedicated last September, and for the Church in process of erection. The College now appeals to all its Alumni and other friends for funds to complete the improvements now under way. Those who have not yet contributed to the $100,000 Building Fund are earnestly requested to do so as soon as they can. The new Seminary and College Church will stand as noble monuments of our Centennial and every friend of the Mountain should be proud to have a part in their erection. Prompt and generous aid at this time will enable the College not only to finish the Church but also to undertake other buildings demanded by our increasing numbers.

The completion of the $100,000 Building Fund will greatly contribute to extend the scope of college work.

THE LEGAL TITLE OF MOUNT ST. MARY'S COLLEGE IS
"THE PRESIDENT AND COUNCIL OF
MOUNT ST. MARY'S COLLEGE"

The Mountaineer

PUBLISHED BY

The Students of Mount St. Mary's College

The Mountaineer is the recognized organ of the students and Alumni of Mount St. Mary's College. Its object is literary improvement, the chronicling of interesting events at the College, and the cementing in a more vital bond of fellowship the members of the Alumni, to whom it is invaluable.

Published every month during the school term in the very center from which all college news emanates, and at the point toward which all Alumni gossip is directed, it is a safe and reliable medium of college information and the only exact chronicler of Alumni news.

Being under the direction of the students, it must rely for its support upon the friends of the College. The aid of the Alumni is, therefore, respectfully requested and will be greatly appreciated.

St. Joseph's College and Academy for Young Ladies

Emmitsburg, Md.

This beautiful and commodious institution, fostered in the same nursery as Mount St. Mary's, has always held the highest reputation for the refined and virtuous education given to its pupils. It is situated in a lovely valley at the foot of the Blue Ridge, about two miles from the College, and about one-half mile from Emmitsburg.

The location, as well as the high standing of these two institutions, offers peculiar advantages to parents who have both sons and daughters to be educated, for both may be visited at the same time, and the brothers and sisters have the opportunity of seeing one another every week during the course of the academic year.

Letters of inquiry should be addressed to the
